

Bye (My love)

Dear car world

(Using this as placeholder)

I don't know how to say this. I've been thinking about it for years now, and finally I got the strength to say it despite the tears it will cause. It's over. We shall not live in the past anymore, but move along, down our paths. At least that's what I should do, for you it might be too late. I'm not gonna do that "it's not you, it's me" – thing, cause we know were both not perfect. I have certain limitations, and am therefore unable to love you the way you deserve it, while you just simply don't have any place in this world anymore. I won't ever forget the turbo whistle you did, when someone left the throttle, I will think of forged pistons and semi slicks as often as one could count, and I will keep dreaming of you every single night and day. I love you, and I wish we would have got a shot. But it seems like, were just not meant for each other.

Goodbye

Hey, _ Don't look at me like that.
I'm starring at you, keeping my eyes at,
your power, your beauty, never felt like that!
It's like losing a friend I aint never had.

There was a time in my actual beginning.
My mind was free, my body wasn't skinny.
I watched that movie, probably on TV,
When I first felt that wonderful feeling.

I love you, and this will never end.
Its sad, we wont meet ever again.
My life wont be ever the same.
Why was this decision clever again?

It aint never easy, it aint never fair.
Its hopeless, feels like the end is near.
Il cry for you till my very last tear.
Feels like dead memories everywhere.

I tried to get thru, now I write a song.
Tried to handle it, it's just that it feels wrong.
This comes from the bottom of my heart.
In heaven, when we got the chance to start.

To start from scratch.
A car, a match.
No scars, no barriers.
Youre my star,
Im a warrior.
To live a life,

But dead inside.
My love is dead,
No place to hide,
No place for crying,
Don't dare to try,
To get near the value,
The value of life,
Get thru the valley,
Get a wife, get a life,
Don't you ever recognize,
The only thing you ever wanted,
It's not a thing man, not a women...

It aint never easy, it aint never fair.
Its hopeless, feels like the end is near.
Il cry for you till my very last tear.
Feels like dead memories everywhere.

Dont think about it,
Just push it to the limit.
Youre writing a song doesnt,
Mean emotions are gimik.
Dont look for rhymes,
Dont focus on lyrics.
The one thing that counts,
Man, is that you feel it.

Alright, Im gonna tell you how I feel bro.
I tell you what I dream of when I sleep yo,
What I dont tell people that I seek for, I tell you
Bout my not so secret secret love

I tell you how I think of her everyday.
How it feels to know that shell never stay.
To ask that question every day, man,
Why was this decision clever again?
